August 2009

This newsletter has been created as a part of a new development applications process.

The Project

Hi, my name is Mark Winson, I am the development officer assigned to Clwyd. Let me tell you something about the current development project running in your area.

Firstly, the Scouts-Wales development project is grant funded from sources outside of the Scout association; it does not come from membership funds. It employs six officers across Wales, managed by Scouts-Wales. The remit we have from our funders is to recruit new adults into Scouting.

This is me!

I can work for you by attaching myself to your district for a twelve week period per application and provide an opportunity to:

- Start a new group.
- Start a new section in an existing group.
- Improve upon the number of adult leaders in sections, or committee, where there have been losses.
- Help improve youth numbers – this must be coupled with adult recruitment.

How to apply

If you think you would like to apply, complete the attached "Expression of interest form", and post it to the Scouts-Wales office. It will be sent on to your DC for approval and to me, I will then arrange to come and see you.

Applications for Jan 2010 are now being invited

New applications

Applications for Chirk and Ruthin have been successful and allocated six weeks within the summer holiday period.

Applications for Hanmer, Corwen and Rhyl have been successful and allocated the autumn term, Sept to Dec inclusive.

Applications for work in the Jan to April term presently include Denbighshire explorers only. So come on get your application in now!

Present projects

In Johnstown a new Beaver section now has 10 junior members and four new adult leaders.

In Sandycroft and Mancott the existing Cub Scout section has benefitted from two new ACSL's and two occasional helpers.

The Group at Ruthin has benefitted from two new assistant leaders and one new occasional helper.

The Llanfair Caereinion Cub Scout section, near Welshpool has secured two new ACSL's and a new administrator.
