

**Many of us long for that adventure of a lifetime.**

**That experience that changes your life forever.**

**Platform2 does just that.**

**For free.**

18-25 year olds get to spend 10 weeks volunteering in a developing country such as India, South Africa, Ghana, Nepal, Kenya or Peru. They will travel with a group of 10-15 other young people from across the UK and become a part of the local community. Community-initiated projects could involve construction, teaching or conservation work.

Too good to be true? Watch this video featuring one of the Projects in [Peru](#)

For a further taste of what to expect, check these clips on the [India](#), [Ghana](#) and [South Africa](#) projects.

The volunteering does not end there. We will work with them to tell their communities back home of their experiences. This could be done through film, music, dance, photography, art... It's up to them.

Platform2 really does change lives. Here's what some Platform2 volunteers have said:

**"Thank you for such an amazing opportunity, you are not only changing the lives of the Peruvians but are also altering my life in more ways than I ever expected my life to change."** Muna, who traveled to Peru.

**"Anybody thinking of applying to Platform2 - do it!! We have been here 2 weeks now and are all having a great time! We have been experiencing new cultures, making new friends, learning a new language and working on the muscles lol! P.s. Thanks so much to Platform2 for such an amazing experience! :)"** Zach, who traveled to Ghana.
